  - a. MSM link: {MLT INSERT THE LINK FROM MSM ADMIN}
  - i. The log in screen will open

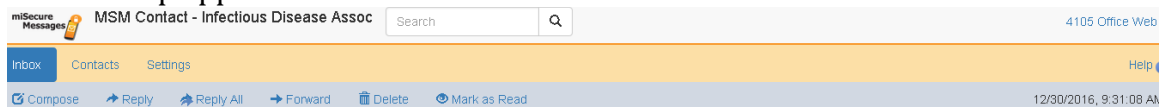

Login

UserName

Password

Login [Change License](#)

- ii. Enter UserName & Password, click log in
    1. Username: Enter username created by MLT
    2. Password: Enter password created by MLT
2. The desktop app will look like this:

3. There are 3 tabs across the top: Inbox, Contacts & Settings.
  - a. Inbox: Acts just like an email to send a secure message to anyone registered as a contact with your miSecure network.
    - i. Click on Compose to send a secure message to your contact
  - b. Contacts will show you the list of your contacts
  - c. Settings: Allows you to change your password if need be.
